Emeritus Titles

Emeritus Titles

Granting of Emeritus Titles
The university president may confer the title of emeritus to a deserving faculty member and/or administrator to honor, in retirement, faculty and administrators who have made distinguished professional contributions and have served significant portions of their careers at the institution: e.g., emeritus professor of chemistry, emerita dean of education, emeritus VP of Student Affairs. (ULS Board of Supervisors Rules, Chapter 3, Section XIII: Emeritus Titles)

To be eligible for consideration for academic emeritus status, the individual must have achieved the rank of professor. In exceptional cases, an associate professor with an outstanding record of achievements and contribution to the university may be recommended for this status.

Criteria for Emeritus Status
The following are the minimum criteria for consideration for the granting of emeritus status – academic or administrative. However, meeting the minimum criteria should not be considered adequate justification for recommending emeritus status.

1. A minimum of ten consecutive years of full-time employment with the University immediately prior to retirement at the institution; however, in cases of demonstrated exceptional performance, a lesser period of service may be considered;

2. Clear evidence of outstanding teaching, scholarly activity, and/or administrative services;

3. Recognized record of meritorious professional achievement, growth, and development; and

4. Clear evidence of university service beyond the normal or ordinary expectations.
