# Infectious Disease Testing Policy

## Policy Statement

The University reserves the right to implement mandatory campus community testing for infectious diseases based on legal mandate and/or public health guidance. Such testing may be required of faculty, staff, students, vendors, contractors, visitors and patrons at the discretion of the University.

## Purpose of Policy

To provide for mandatory testing for infectious diseases in the interest of helping to preserve the health and safety of members of the campus community.

## Applicability

This policy applies to all faculty, staff, students, vendors, contractors, visitors, and patrons.

## Policy Procedure

Should the University implement mandatory campus community testing for infectious diseases based on legal mandate and/or public health guidance, failure to comply with mandatory testing may result in prohibition from participation in specific events or activities as well as loss of privileges and/or disciplinary action, up to and including termination or suspension/expulsion from the University, as appropriate.
